

MILBRO REFRACTORIES, INC.

MILPATCH SIC

A high purity, silicon carbide patching plaster. Outstanding strength and abrasion resistance. Ideal for use in patching or maintaining monolithic linings where extreme conditions exist. Application by trowel or hand.

Service Temperature	3375° F
Melting Point	3450° F
Material Required for Estimating	168 lbs./ft³

TYPICAL CHEMICAL ANALYSIS

SiC, C	88.3
Al ₂ O ₃	6.2
SiO ₂	3.8
Fe ₂ O ₃	0.8
TiO ₂	0.7
Alkalies	0.2
